IRRIGATION & CAD (REFORMS) DEPARTMENT

G.O.MS.No. 49.

Dated: 30.12.2014.

READ the following:

1. From the ENC (Irr.), Hyderabad, Lr.No.ENC(I)/DCEIV/OTM5/S2/MCEWEL/12, dated: 25.04.2013.
2. From the ENC(Irr.), Hyderabad, Lr.No.ENC(I)/DCEIV/OTM5/S2/MCEWEL/12, dated: 02.05.2014.

ORDER:

In the references 1st & 2nd read above, the Engineer-in-Chief(Irrigation), Hyderabad has submitted proposals for according permission for drawl of surplus water of 24,000 KLD or 9.806 Cusecs or 0.309 TMC per year from Krishna River to proposed 2 x 150 MW Coal based Power Plant by M/s. MECWEL Power Pvt. Ltd., near Vellatur Village, Mellacheruvu Mandal, Nalgonda District, under consumptive use with usual terms and conditions, subject to the concurrence of District Collector, Nalgonda and the clearance of Pollution Control Board along with the special conditions mentioned therein.

2. Government after careful examination of the proposal of Engineer-in-Chief (Irrigation), Hyderabad hereby accord permission for drawl of surplus water of 24,000 KLD or 9.806 Cusecs or 0.309 TMC per year from Krishna River to proposed 2 x 150 MW Coal based Power Plant by M/s. MECWEL Power Pvt. Ltd., near Vellatur Village, Mellacheruvu Mandal, Nalgonda District, under consumptive use for a period of ten (10) years from the date of agreement with usual terms and conditions, subject to the concurrence of District Collector, Nalgonda and the clearance of Pollution Control Board along with the special conditions mentioned below:

1. The storage tank should be constructed according to the Irrigation norms before setting the plant.
2. The point of drawl should be kept above F.R.L./above normal flood level. Sufficient capacity tanks should be created for storing flood waters.
3. The company holds no right to claim that as per G.O they have to draw the water to fullest extent. Priority should be given to Drinking and Irrigation needs.
4. A pump house should be constructed at the point of drawl. Regular inspection by Irrigation and CAD Department and Revenue authorities to be done to avoid tapping the water at the regular releases from NSP to avoid unauthorized tapping and loss to Irrigation water.
5. The concerned Executive Engineer will be responsible for enforcing the conditions.

(P.T.O.)

6. Severe punishments may be imposed for violating any conditions which includes cancellation of water allocation.
3. The Engineer-in-Chief(Irrigation), Hyderabad shall take necessary action accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF TELANGANA)
